## Alpine County Schools' Local Control Accountability Plan

### Local Control Accountability Plan

Thank you for participating in this survey! Your input will help the School District and County Office of Education create a plan for improving student outcomes in our community. California state uses the local control funding formula to determine how much money our schools receive but we must create a plan on how we will spend the money. This plan must address 10 priority areas set by the State, which can be grouped into three categories.

#### Conditions of Learning

- \*Basic Conditions
- \*Implementation of State Standards
- \*Course Access
- >Foster Youth
- >Expelled Students

#### Pupil Outcomes

- \*Pupil Achievement
- \*Other Pupil Outcomes

#### Engagement

- \*Parent Involvement
- \*Pupil Engagement
- \*School Climate

Our current LCAP plans have a goal for each of these categories. We would appreciate your input on each of these three goals. Select the following links to view the 2016-2017 District and County LCAPs:

## Alpine County Schools' Local Control Accountability Plan

### *Current Goal 1: Conditions of Learning*

Alpine County Unified School District and County Office of Education are committed to ensuring all students (including expelled youth, foster youth, students with exceptional needs, low income students) have complete access to a broad course of study in all standards-aligned core academic courses, physical education instruction, and the Visual and Performing Arts (VAPA) with highly qualified teachers within a safe and healthy school environment. Specific to Foster Youth, the Superintendent will coordinate services with the county child welfare agency and local tribal agency to ensure proper identification of Foster Youth to share information, respond to the needs of the juvenile court system, and ensure transfer of health and education records. Priorities: 1, 2, 7, 9 (County), 10 (County)

Please share your thoughts on how the District/COE can support Goal 1 above.
